ENGINEERED FOR RELIABILITY . BUILT FOR HARSH ENVIRONMENTS

Cable Termination Pack

2026

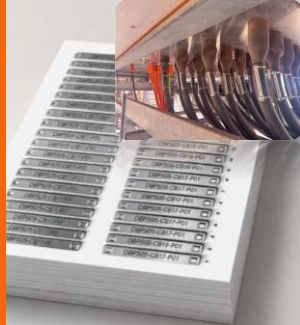

What is Cable Termination Pack?

A ready-to-install cable termination pack containing **Schematic drawing**, **Stainless steel cable tags**, **PVC cable labels**, and **Ferrule core markers**. It enable electricians to complete site terminations efficiently and correctly. Everything comes in easy to carry, weatherproof zip lock pack.

Printed Termination drawings

Laser engraved Cable markers

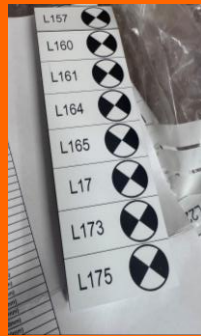

Plastic cable markers

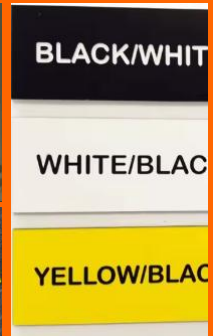

Core and Terminal marker

Equipment and Instrument Labels

Trafalylte Labels for Equipment and Instrument, Danger/Warning signs, push button name plates, MCC bucket name plates and more.

Cable Termination Pack makes the Job Faster and Error-Free

Instead of electricians having to collect drawings, cable tags, core ferrules, PVC labels, and identification details separately, everything is supplied pre-prepared in one complete, compact pack.

Each pack is easy to carry, quick to use, and purpose-built to improve on-site efficiency. It helps reduce preparation time, minimize errors, and ensure all required termination materials are available when and where they are needed.
